

Complex Instrument Appropriateness Test

Name of Applicant:

Share Dealing Account Number:

Investors are required to provide information regarding their knowledge and experience in complex instruments to enable us to make an assessment as to whether the product is appropriate for them.

As our service is an execution only, investors must rely on their own judgement and assessment of the instrument. This must include investment merits and risks and where relevant, investors must also be able to accept the risk of the investment for the specific duration.

In order that we can be certain that those investing in complex instruments have the required knowledge and expertise, you are asked to answer the questions below. Please note the following:

- A separate form must be completed by each person that is a nominated investment decision maker for the account.
- In the case of joint accounts, each named account holder must complete a separate form.
- Your answers will be scored and we will notify you to confirm whether you have 'passed' or 'failed.'
- Please be aware that if you fail, you will not be able to reapply for a period of 30 days.

Please circle your answers below and sure you answer ALL questions

	Question	Answer 1	Answer 2	Answer 3
1	I understand that complex instruments by nature may have a high degree of leverage which will magnify any potential profits or losses and could lead to me losing significantly more money than originally invested?	Yes	No	Don't Know
